PROBLEM DESCRIPTION
Plumbing->Exterior Lines/Fixtures->Broken/Leaky Pipe or Faucet

DESCRIPTION OF PROPOSAL
When tech went to site to look for cause of high water bill, no one was home and the crawl space was locked. The existing water line runs thru the yard, under the slab of the garage and then into crawl space. This type of Installation is very rare. We are going to eliminate the line from under the slab and run into the crawl space. We will backfill after inspection but will not seed/straw ditch.
